

# Savi 700

**Feature rich productivity driver.** Capable of handling calls from all telephony devices and acting intelligently. Supports up to three additional Savi headset users being connected to live calls. Outstanding audio quality and natural sounding call clarity.

## KEY FEATURES

### Superior call management

- Three-way connectivity lets you easily switch and mix audio between PC, mobile and desk phone calls
- Automatically routes mobile audio to whichever device you pick up – headset or mobile phone
- Easily transfer audio between headset and mobile phone to take calls on-the-road
- UC presence automatically updated when on a PC, mobile or desk phone call
- Energy efficient adaptive power system optimises for range and talk time
- Conference in up to three additional headsets and guests can continue through multiple calls

### Savi 740 innovative design

- Lightest DECT wireless headset on the market
- Three comfortable, customisable wearing styles
- Hot swappable battery\* for unlimited talk time

### Premium sound quality

- Advanced wideband audio using CAT-iq technology for high definition voice quality
- Noise-cancelling microphone reduces background noise interruptions
- Enhanced Digital Signal Processing (DSP) provides more natural voice sounds

### Recommended accessories

- Get unlimited talk time with deluxe charging cradle kit\* (includes cradle + battery)

\*Savi 740 only: unlimited talk time with hot swappable battery (additional battery sold separately)
